## LOCAL DRUGGIST LANDS RICH PRIZE

Henninger Drug Store is Given Exclusive Agency in Oregon for Tanlac.

Tanlac, the celebrated medicine, that has met with such unprecedented success in thousands of cities, towns and villages in the United States, where it has been introduced in the last year, is now on sale at Henninger's Drug Store. Mr. Henninger has been awarded the exclusive agency in Oregon for the Master Medicine, that has aroused the most intense rivalry among druggists the country over.

Tanlac is a combination of roots, herbs and herbs, gathered in various parts of the world and blended to produce best results. Years were spent by Joseph Trimbach, chief chemist at the Tanlac laboratories, Dayton, Ohio, before the present high state of efficiency, that has won renown for Tanlac in many states, had been attained.

Tanlac is called the "Master Medicine" by persons who have used the preparation and have benefited therefrom. It is claimed that Tanlac masters many ailments where other medicines fail.

The theory of the makers is that most of the poor health of present-day Americans is due to those habits which distinguish civilized man from the jungle savage. Overeating, overdrinking, lack of fresh air, and insufficient out-door exercise are responsible for most of our ailments, they say.

But it is nearly always possible to remedy these troubles before it is too late, they believe. In this connection they are introducing the Master Medicine, Tanlac, which has been declared by thousands to be the most rational and satisfying preparation ever sold in America.

Tanlac, it is claimed overcomes catarrhal affections of the stomach, liver and kidneys, coughs, colds and the like. It is now sold in Oregon at Henninger's Drug Store, Leading Prescription Druggist.
